

Tackley Green Streets 2010

Newsletter number 5: 5th March 2010

Dates for Energy Audits now available

We now have our dates for the energy audits – from Thursday 18th March to Thursday 1st April.

Everyone who originally signed up to take part in Green Streets is eligible and that includes those of you who have not yet transferred to British Gas. This means that 78 households in Tackley will be able to receive a free energy audit and gain valuable advice and information on practical ways to save energy.

The booking sheets are in the village shop and of course the earlier you sign up the easier it will be to find a time that suits you. The time slots currently span from 7.30 in the morning until 6pm in the evening though we have asked for some evening/Saturday slots and are still waiting to have these confirmed. We will let you know as soon as we receive these.

Each audit has been allocated 1 hour 30 minutes and the person doing the audits is called Dave Atkins. In the next week we will be receiving letters plus information packs that you will be able to collect from the village shop.

If it is difficult for you to get to the shop to make a booking then you can send an email to greenstreets@tacklevillage.co.uk with some options and we will do our best to allocate you a suitable time. Or you can ring Barbara Vaughan on 331609.

Best wishes from the **Tackley Green Streets Team**
