Cllr Collier opened the meeting to public participation. Mr Huw Jones asked to address the meeting. He is the travel plan co-ordinator for Tackley Primary School and as part of his remit is looking at ways of improving the cycle ways to the school.

The government have set aside special grants to improve the travel plans for schools including funding to provide cycle paths. He would like to propose applying for one of these grants to put in a cycle path from the edge of the Village hall car park along the side of the village all the way to the school. The proposed path will be 3 metres wide and will improve the safety of both cyclists and pedestrians. Cllr Banbury produced a map of the village hall site and the committee discussed the proposed route of this cycle path. The County Council grant will pay for all the work undertaken. There is to be a meeting with Paul Wilson of the O.C.C. Highways and the headmistress of the school to discuss this further. Cllr Banbury proposed that we find out more details, but it was agreed that the Parish Council support this proposal in principle.

District Cllr Derek Millard arrived at the meeting.

08/011 DISTRICT COUNCIL MATTERS

District Cllr Cottrell-dormer reported that the comments that the parish council had made about the proposed project at no. 17 Medcroft Road had been printed out in full for the Planning meeting of the West Oxfordshire District Council on Monday 4th February 2008 and that they would be taken into account when making the decision.

He also reported that the District Council is in danger of having financial problems ahead. There are savings of around 1 million pounds to be made and this means that services will have to be cut. There are various committees that have been set up to look at means of making these savings.

District Cllr Millard reported that an extra £30,000 has been spent on the concessionary fares for buses so that these fares can start at 9.00am instead of 9.30am. He also agreed that there is great concern about the financial state of the District Council.

08/012 COUNTY COUNCIL MATTERS

Cllr Gibbons reported that it had been drawn to his attention that the pavement between 42, Warren Cottage, Nethercote Road and 32 Nethercote Road has become unsafe. The pavement surface has eroded away and is down to soil level. Cllr Collier commented that wheelchair access along that stretch of pavement is not good and people are using the road instead. It was agreed that the clerk should send a letter to Paul Wilson to report this problem and when Paul Wilson visits the village next, it is proposed to show him the damage to this pavement.

08/013 PLANNING

Foxtail Barn, 5 Ball lane, Tackley – Erection of Extension.

Paul Joslin (overlooking neighbour) commented that it was a very small extension and in keeping with the other building and that he has no objections to this proposal.

Cllr Joslin then left the meeting while this planning application was discussed.

Cllr Banbury proposed no objection to this planning application. Sd Cllr Gibbons.

An email to be sent by clerk informing the District Council of this.

Cllr Banbury pd that we contract Philip Plumridge to do the work, subject to the signing of the formal agency agreement. The clerk is asked to contact O.C.C. and Philip Plumridge to arrange this.
- Trees – Cllr Collier had contacted Town and County Trees to ask them for a quote for the work most needed to be carrying out to the trees mentioned in the Trees Report. This company quoted £1821.25 to carry out work, which in their opinion was the most urgent and needed to be done in the next 12 – 18 months.
