Footpaths: (Off Council)	Neil Wilson

Meetings of Parish Council - Reminder

The next formal meeting of the council is on 11 June preceded by a surgery on 4 June. All meetings commence at 19.00 (7pm). Should there be matters of concern between these dates please contact the parish clerk or councillors whose details appear above.

Draft minutes of all Parish Council meetings appear on the website two weeks after the date of the meeting: www.tackleyvillage.co.uk

Copies of this report are also circulated via Tackley Notices.

Data Protection

As residents may be aware, the new General Data Protection Regulations (GDPR) come into effect from 25 May 2018. Tackley Parish Council takes this opportunity to let you know that it will continue to keep data secure. Details of the updates to data protection policies can be found on Tackley Notices after the 25 May.

Pot holes

Your council is aware that pot holes in roads are becoming a serious problem. OXCC Highways informs us that they have purchased machines that should speed up their repair but residents should continue to report them, again and again if necessary.

Annual Footpath Week

If you are interested this is planned for the two weeks from 18 June to 1 July 2018. For more details please contact Neil Wilson -

email: neil.wilson53@gmail.com

or see the notice boards and Tackley Notices for details. Please do join a walk, find a footpath you did not know existed, and have a good time as well.

Playground

It has come to our attention that there has been some significant damage done to the footpaths in the playground. Please can you make sure your children do not dig in these paths. They are specifically designed with a hard core base covered in a durable, compacted topping, suitable for wheelchairs, as the playground was designed with inclusivity at its core. Thank you for your vigilance!

Traffic calming measures.

Consultation and discussion on this matter is still on-going.

Bus shelter at the Village Hall Entrance

Your council has agreed to the erection of a bus shelter at the village hall stop and to make improved traffic arrangements at this place. In order to accommodate the shelter it will be necessary for the stop on the village hall side, that is for services in the direction of Kidlington and Oxford to be moved to the other side of the entrance. It is anticipated that this work will be completed during August.

St Nicholas Road water overflow

Dry weather has meant that this has now receded, but there is still a potential problem because Thames Water disputes the cause of the overflow. The matter is under active discussion with OXCC.

Damaged verges

Gigaclear will start work in the very near future to repair those verges damaged by its vehicles.
